# Security & Compliance Solutions Checklist

We like compliance. We also like checklists.

- ☑ Download this compliance checklist courtesy of **Ripple** 💬
- ◯ Intuitive interface design for non-technical teams (legal, HR, etc.)
- ◯ Search indexing, tagging, and automated document organization
- ◯ Pre-configured search templates for simplified eDiscovery
- ◯ Flexible policy creation with no retention hold limits for supervision
- ◯ Enforced litigation holds with simple secure sharing
- ◯ Extensive library of in-house developed data connectors
- ◯ Encrypted, redundant, and highly available cloud-native storage
- ◯ Integrated email security & encryption
- ◯ Automated enforcement of encryption with zero user intervention
- ◯ Flexible enforcement of Data Loss Prevention (DLP) regulatory violations
- ◯ Continuous updates of pre-configured DLP policies by compliance experts
- ◯ Automated best method of encryption enforcement
- ◯ Two-way encryption delivery for ongoing email communications
- ◯ DLP incident remediation workflow
- ◯ Zero-cost data import or exports
